SUMMARY

Flutter Developer with extensive experience in cross-platform mobile application development, responsive layouts, and state management using Bloc and Cubit. Experienced in architecting scalable app structures, integrating RESTful APIs, Firebase, and third-party libraries. Strong proficiency in Dart, delivering high-performance, maintainable, and user-friendly applications for iOS and Android platforms.

SKILLS

- Languages: Dart
- Frameworks: Flutter, Firebase
- State Management: Bloc, Cubit, Provider, Getx
- Tools: Git, Android Studio, VS Code, Postman, Figma, Google Play Console
- Architecture & Code Quality: Clean Architecture, SOLID Principles, MVC, MVVM, Design Patterns
- Backend & APIs: REST APIs, Firestore, Firebase Auth, Cloud Messaging
- UI/UX: Responsive UI, Adaptive Layouts, Dark Mode, Localization (Arabic & English)
- Advanced Flutter Skills: Performance Optimization, Dependency Injection, Caching & Offline Storage
- Other: SharedPreferences, Google Maps Integration, Payment Integration

WORK EXPERIENCE

Freelance Flutter Project

June 2023 - October 2023

Rozewell Learning Center App

- Developed real-time student-teacher communication app serving 1000+ active users
- Reduced notification delivery time by implementing Firebase Cloud Messaging
- Built multimedia system supporting image and audio upload with playback functionality
- Integrated 10+ REST API endpoints using Dio package for data synchronization
- Achieved 4.2+ star rating on Google Play Store

PROJECTS

Khadmaty - Local Service Marketplace

December 2025 - Present (In Development)

Full-stack mobile marketplace connecting customers with local service providers.

Technical Achievements:

- Implemented Clean Architecture with 3-layer separation (Data, Domain, Presentation)
- Built Repository Pattern with abstract interfaces enabling backend switching
- Configured Dependency Injection using GetIt with 10+ registered services
- Created 5 UseCases following Single Responsibility Principle
- Integrated Firestore real-time streams for instant data synchronization
- Developed dual service types: On-demand and Appointment-based booking
- Implemented Arabic and English localization with full RTL support
- Designed responsive layouts for Mobile, Tablet, and Desktop
- Tech Stack: Flutter 3.2+, Firebase Auth, Firestore, BLoC/Cubit, GetIt, go_router, dartz

Fix Notify OnePlus App

February 2024 - February 2024

- Built Fix Notify OnePlus, a Flutter app for maintenance tracking, utilizing Clean Architecture and BLoC for robust state management.
- Integrated Firebase (Auth, Firestore) for backend services and implemented real-time updates.
- Developed custom Platform Channels to enable native SMS functionality directly from the Flutter UI.
- Designed a responsive Material 3 user interface ensuring a seamless experience across different screen sizes.

- An AI-Powered HCC Diagnosis Application designed to assist doctors in diagnosing Hepatocellular Carcinoma.
- An innovative desktop application built using Flutter, providing a seamless user experience across various devices.
- An AI model trained on real CT images from Al-Rajhi Liver Hospital in Assiut, ensuring robust and reliable HCC detection.
- A tool that assists doctors in identifying HCC cases, especially in challenging scenarios where CT images alone may not be conclusive.
- A sophisticated AI model implemented in PyTorch, a leading framework for deep learning, powers the backend of the application.

EDUCATION	
Faculty of Computers and Information, Assiut University, Assiut, Egypt	September 2020 - July 2024
Bachelor of Computers and Information - (GPA: 2.8/4.0)	

MILITARY STATUS	
• Egyptian Armed Forces Military Service Oct 2024 – Dec 2025 • Completed mandatory military service with a focus on discipline and teamwork	

CERTIFICATE	
Flutter Clean Architecture [2022] [Flutter 3] 	
Complete Flutter & Dart Development Course [Arabic] 	

SOFT SKILLS	
• Excellent Communication & Team Collaboration • Time Management & Task Prioritization • Fast Learning & High Adaptability • Self-Driven, Organized, Ability to Work Independently	

LANGUAGE	
Arabic Native	
English B1
